

# Test Plan:

**Overview:** Test the functionality of the app.

## Links:

Duel Duo: <http://localhost:8000>

## Test Criteria:

- Click on See All Robots button to verify if that works.
- Click on Draw to verify if a shuffled selection of robots to pick as your duo of robots appear
- Select 2 robots to see if they get added to your duo
- Check if the Remove from Duo removes the correct robot from your duo and back tot he list of robots
- Verify if the Duel button works
- Verify if the wins counter increments when you win
- Verify if the losses counter increments when you win
- Check if the Play again resets the view of webpage while not resetting the wins/losses counter

## Entry Criteria:

- Test criteria provided
- Running the Duel Duo App provided

## Exit Criteria:

- Features do not work as intended
- Allotted time is up

## Other Details:

- Windows 10
- Opera GX version 107

## Test Case: See All Robots

**Overview:** Test that the See All Robots button works as intended.

**Steps:**

1. Get on the Duel Duo App
2. Click on the See All Robots button

**Postconditions:**

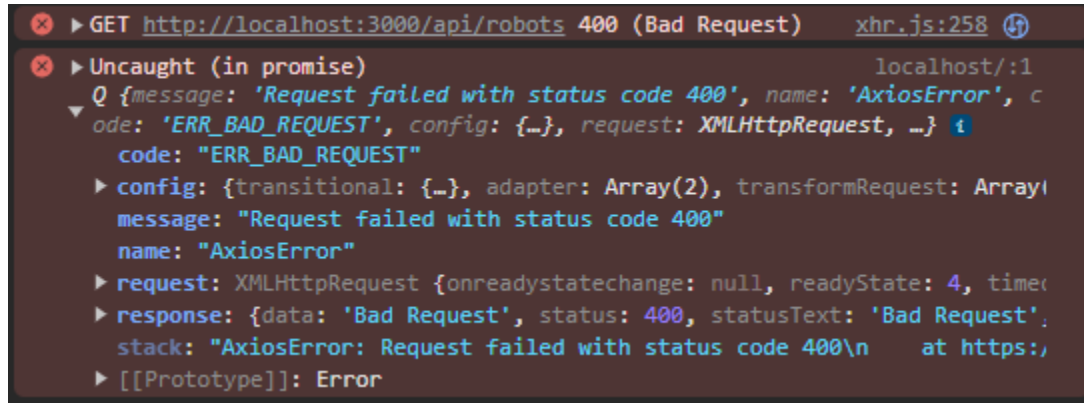

- Upon clicking the button, all of the robots that you could potentially get in the draw section will appear with all of their stats

**3/1 Execution Environment:**

- Browser: Opera GX 107
- OS: Windows 10

# Bug Report: See All Robots

On browser's Inspect Element Console of App:

VS code terminal error:

```
ERROR GETTING BOTS ReferenceError: botsArr is not defined
```

**Overview:** When clicking on the See All Robots button, no list of robots show up, but checking the terminal on VS code where I started the server file, shows the console error of “ERROR GETTING ROBOTS”.

## Steps:

1. Get on the Duel Duo App
2. Click on the See All Robots button

**Expected Result:** To see a list of all robots you could possibly get when you click on draw, along with their stats

**Actual Result:** No robots being shown

Environment:

- Opera GX version 107
- Windows 10
